The reference entitled "Inquiry Documents" is a collection of documents relating to an inquiry from an outside party who expressed interest in using 3M's multilayer polymeric UV mirror film in combination with an LED and a phosphor. For reference purposes, consecutive page numbers have been added at the bottom of each page. In the case of the emails from Larry R. Each sheet was flexible, and was made by 3M Company in the United States. The letter on page 54 was sent on or about May 2, 2001, with two sheets of the UV mirror film, about 6x6 inches in size.
